

Aroostook County Action Program

# Workforce Development

Education • Job Experience • Career Counseling

ACAP Workforce Development serves job seekers and employers County-wide. Individuals who are looking for a first job, a next job, a better job, or a whole new career can meet with individual Career Counselors to help them plan their next steps. Local employers looking to attract and retain more skilled workers can access technical and funding assistance to support on-the-job trainings and formal apprenticeships.

ACAP Career Counselors work closely with job seekers to develop a tailored plan that will meet your needs, build your skills, and help you work toward achieving a job or career you desire. We want you to be excited about your future!
